

NITRA-PAK

MINIMUM GUARANTEED ANALYSIS FOLIAR LIQUID NUTRITIONAL 7-0-0

INFORMATION

Sun Glo **Nitra-Pak** is a liquid foliar formulation designed for maximum uptake of nitrogen and micro-nutrients. Since **Nitra-Pak** is easily assimilated by both leaves and woody tissue, it is very effective as a foliar spray to prevent and correct deficiencies on fruit and most other crops. If added to the spray tank first it will aid in lowering water pH. The addition of a non-ionic surfactant will aid in uptake. Check the compatibilities of untried chemical mixes.

DIRECTION FOR USE

Sun Glo **Nitra-Pak** should be applied as needed starting with the first spray at 2 to 4 quarts per application in 100 gallons of water. Aerial Application: 1 to 2 quarts per acre in 5 to 15 gallons of water. **DO NOT** use without the addition of a non-ionic surfactant.

CROP RECOMMENDATIONS

Fruit & Nuts; Citrus, Avocados, Mangos, Peaches, Pecans, Mature Trees: Apply 2 to 3 quarts per acre per application. Repeat application if desired at 1 to 2 quarts per acre in summer and fall applications. Young Trees: **Apply 1 to 2 quarts per 100 gallons water and wet to run off. Applications every 4 to 6 weeks throughout growing season have given excellent results.**

NET WEIGHT:

LBS.

Total Nitrogen as N.....	7.0%
Nitrate Nitrogen.....	7.0%
Water soluble Organic Nitrogen (and/or Urea Nitrogen).....	2.0%
Total Mangesium as Mg.....	2.0%
Water soluble Magnesium as Mg.....	2.0%
Soluble Manganese as Mn.....	5.0%
Water Soluble Manganese as Mn.....	5.0%
Zinc as Zn.....	4.5%
Water Soluble Zinc as Zn.....	4.5%
Iron as Fe.....	0.5%
Water Soluble Iron as Fe.....	0.5%

Derived from: Magnesium Nitrate, Manganese Nitrate, Iron Nitrate and Zinc Nitrate

CAUTION

KEEP OUT OF REACH OF CHILDREN

MANUFACTURED BY

200 S.R. 70 WEST
Lake Placid, Florida 33852
FLLN: 538
WEIGHT PER GALLON 12.50 LBS

CAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Keep away from children, Do not contaminate water supplies.

PRECAUTIONS

- (1) Do not use with liquid foliar or ground fertilizer containing phosphates;
- (2) When compatibilities are unknown or questionable contact your supplier or use a jar compatibility test.
- (3) The final tank mix should not be below 5 pH

ANTIDOTES

Skin or eye contact: Flush thoroughly with water and see a physician.
Internal: Induce vomiting if conscious and get medical attention at once.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Seller. In no case shall Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Seller makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
