FOLIAR LIQUID NUTRITIONAL INFORMATION

Sun Glo 19-0-0 is a liquid foliar formulation designed for maximum uptake of nitrogen and magnesium. Since 19-0-0 is easily assimilated by both leaves and woody tissue, it is very effective as a foliar spray to prevent and correct deficiencies on fruit and most other crops. The addition of a non-ionic surfactant will aid in uptake. Check the compatibilities of untried chemical mixes.

DIRECTION FOR USE

Sun Glo 19-0-0 should be applied as needed starting with the first spray at 10-15 gallons per acre.

When appropriate use in conjunction with fertilizers containing potassium phosphite such as Crop-Phite to achieve maximum results.
