

# MZF Nutritional

## FOLIAR LIQUID NUTRITIONAL INFORMATION

SunGlo MZF is a liquid foliar nutritional formulation designed for optimum uptake of zinc, manganese and iron. It will aid in the correction and prevention of micronutrient deficiencies. If added to the spray tank first, it will assist in lowering the pH of the water. The addition of a non-ionic surfactant and/or urea nitrogen will aid in uptake.

## DIRECTION FOR USE

SunGlo MZN should be applied at a rate of 2-3 quarts per acre in enough water to insure thorough coverage without significant runoff. Aerial application: 1-2 quarts per acre in a minimum of 10 gallons of water per acre. Check the compatibilities of untried chemical mixes by conducting a jar test prior to preparing your final spray mix.

## CROP RECOMMENDATIONS

Citrus and Fruit Crops: SunGlo MZN should be applied at 2-3 quarts per acre per application for mature trees in enough water to insure through coverage. Repeat applications in summer and fall sprays as needed. Young trees use 2 quarts per 100 gallons of water and apply to insure thorough coverage without significant runoff.

## MINIMUM GUARANTEED ANALYSIS

**2.00 Mn, 2.40 Zn, 1.60 Fe**

Total Manganese (Mn)	2.00 %
Chelated Manganese (Mn)	2.00 %
Total Zinc (Zn)	2.40 %
Chelated Zinc (Zn)	2.40 %
Total Iron (Fe)	1.60 %
Chelated Iron (Fe)	1.60 %
Combined Sulfur (S)	3.20 %

Derived from: Manganese Glucoheptonate, Zinc Glucoheptonate, Iron Glucoheptonate

## CAUTION

**KEEP OUT OF REACH OF CHILDREN**

MANUFACTURED BY:

200 S.R. 70 WEST  
LAKE PLACID, FL 33852  
FLLN: 538

## CAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Keep away from children. Do not contaminate water supplies.

## PRECAUTIONS

- (1) Do not reuse container.
- (2) When compatibilities are unknown or questionable contact your supplier or use a jar compatibility test.

## ANTIDOTES

Skin or eye contact: Flush thoroughly with water and see a physician. Internal: Harmful if swallowed, induce vomiting if conscious and get medical attention at once.

## CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the directions under normal conditions of use. Crop injury ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Seller. In no case shall seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Seller makes no warranties of merchantability or fitness for a particular purpose, nor any other express or implied warranty except as stated above.
