

FOLIAR LIQUID NUTRITIONAL

INFORMATION

SunGlo NITRO-CAL is a liquid foliar formulation designed for maximum uptake of micronutrients including Calcium. Since NITRO-CAL is easily assimilated by both leaves and woody tissue, it is very effective as a foliar spray to prevent and correct deficiencies on fruit and most other crops. If added to the spray tank first it will aid in lowering water pH. Check the compatibilities of untried chemical mixes.

DIRECTION FOR USE

SunGlo NITRO-CAL should be applied as needed starting with the first spray at 2 to 4 quarts per application in 100 gallons of water. Aerial Application: 1 to 2 quarts per acre in 5 to 15 gallons of water.

CROP RECOMMENDATIONS

Vegetable Crops: 2 to 4 quarts per acre per application. At least 3 applications are suggested with additional applications being necessary for more severe deficiencies. More frequent applications at lower rates will give better results. Fruit & Nuts, Citrus, Avocados, mangos, Peaches and Pecans. Mature Trees: Apply 2 to 4 quarts per acre per application. Repeat application if desired at 1 to 2 quarts per acre in summer and fall applications. Young Trees: Apply 2 quarts per 100 gallons water and wet to run off. Applications every 6 to 8 weeks have given excellent results.

NITRO-CAL

MINIMUM GUARANTEED ANALYSIS

8 - 0 - 0

Total Nitrogen as N	8.00 %
Nitrate Nitrogen	7.31 %
Ammoniacal nitrogen	0.39 %
Water Soluble Organic Nitrogen (and/or Urea Nitrogen)	0.30%
Calcium as Ca	7.98 %
Magnesium as Mg (0.96% Water Soluble Mg)	0.96 %
Iron Chelate as Fe (0.08% Water Soluble Fe)	0.08 %
Copper Chelate as Cu (0.04% Water Soluble Cu)	0.04 %
Manganese Chelate as Mn (0.04% Water Soluble Mn)	0.04 %
Zinc Chelate as Zn (0.04% Water Soluble Zn)	0.04 %
Boron as B	0.04%
Molybdenum as Mo	0.001%

Derived From: Urea, Calcium Nitrate, Magnesium Nitrate, Manganese EDTA, Copper EDTA, Iron EDTA, Zinc EDTA, Sodium Borate, Sodium Molybdate.

CAUTION
KEEP OUT OF
REACH OF CHILDREN
MANUFACTURED FOR:

800 Trafalgar Court, Suite 320
Maitland, FL 32751-7135

(407) 682-5593 Fax

CAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Keep away from children. Do not contaminate water supplies.

PRECAUTIONS

- (1) When compatibilities are unknown or questionable contact your supplier or use a jar compatibility test.
- (2) The final tank mix should no be below 5 pH.

ANTIDOTES

Skin or eye contact: Flush thoroughly with water and see a physician. Internal: Induce vomiting if conscious and get medical attention at once.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Seller. In no case shall Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Seller makes no warranties of merchantability of fitness for a particular purpose, nor any other express or implied warranty except as stated above.
