

Lifter Helper

Especially formulated for Commercial Sod Grasses.

INFORMATION

SunGlo Lifter Helper is a liquid foliar formulation with a very low salt index to avoid burn and is designed for maximum uptake of nutrients. If added to the spray tank first it will aid in lowering water pH. Check the compatibilities of untried chemical mixes.

DIRECTIONS FOR USE

SunGlo Lifter Helper should be applied to commercial sod grasses 2-3 weeks prior to lift to promote root growth or at other times as desired.

CROP RECOMMENDATIONS

Commercial Sod: Apply 2-10 gallons per acre in 40-50 gallon ride. The water ride at 40-50 gal / acre is a minimum ride to get good coverage. Lower ride rates can be used, however, uniform coverage can not be expected. Application of foliar nutritionals should never be made during water stress conditions. The best time is after irrigation or to non-water stressed turf 12-24 hours prior to irrigation.

For application with fungicides, always follow pesticide label directions. Perform jar test for compatibility with pesticides. Not to be used with copper materials.

MINIMUM GUARANTEED ANALYSIS

2 – 18 – 18

Total Nitrogen as N	2.00 %
Nitrate Nitrogen	0.00 %
Ammoniacal Nitrogen	0.00 %
Water Soluble Organic Nitrogen (and/or Urea Nitrogen)	2.00%
Available Phosphate as P ₂ O ₅	18.0%
Soluble Potassium as K ₂ O	18.0%

Derived From: Urea, Monopotassium Phosphate, Potassium Hydroxide

**CAUTION
KEEP OUT OF
REACH OF CHILDREN**

MANUFACTURED BY:

200 S.R. 70 West

FLLN: 538

CAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Keep away from children. Do not contaminate water supplies.

PRECAUTIONS

- (1) When compatibilities are unknown or questionable contact your supplier or use a jar compatibility test.
- (2) The final tank mix should be between 5.1 – 6.3 pH.

ANTIDOTES

Skin or eye contact: Flush thoroughly with water and see a physician. Internal: Induce vomiting if conscious and get medical attention at once.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Seller. In no case shall Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Seller makes no warranties of merchantability of fitness for a particular purpose, nor any other express or implied warranty except as stated above.
